Sir,
I am thankful to you for accepting our invitation of lecture in science association. Our students were very much impressed by your excellent lecture & amazing demonstration relations between personality development & hypnotherapy. Approximately 800 students from science & computer faculty are benefited. 47 students were actively participated in your live demonstrations, & we are convinced that hypnotism is a new horizon of science. Most of the students are benefited in increasing concentration, confidence, and memory, which are features of personality.

In future, Hypnotherapy will prove a boon for mankind. It can be used for the welfare of human beings.

Thanking You

Yours faithfully,
Patil
